

YOLO COUNTY DEMOCRAT.

SATURDAY, JUNE 19, 1899.

WHEAT—Is active at \$1.50 to \$1.60. One sale is reported at \$1.65. The Liverpool market advanced four cents during the past week. Barley, \$1.20 to \$1.40. New barley, \$95c to \$1.00.

STATE SENATOR—This is an important election, and as the time to elapse before the district convention will be held to make a nomination is short, it behooves the Democracy to look up their strongest man for the position. As yet we have heard but two men spoken of, Dr. Curtis and our present worthy Sheriff, Minnie, both of this county. They are good men and have the confidence of their party. We are not advised as to the preference of our friends in Solano, but if they have a stronger man than either of the above named gentlemen, let them trot him out. When such a stupendous wrong as the transfer of the political power of this State from white men to Negroes and Chinamen is attempted, local preferences should be sacrificed to secure success. Every consideration of pride, manhood, and self-interest loudly demand of every man who glories in the fact that he is not a Chinaman or a Negro, to rise up with a crushing indignation and rebuke the affront upon them by the monstrous devil at Washington. Two of the representatives from this coast moved to exclude Chinamen as voters, while the amendment was under consideration, and by a strictly party vote the verdict was that white men were no better than Chinamen and Negroes! We invoke our Solano county friends to immediate and resolute action. Let them present their most redoubtable man, so that his merits may be scanned. Let eternal perdition to the Negrophiles and the Celestial Rat-eater admirers be your watchword and your battle-cry.

THE FIRST STEP—The Examiner, in a sensible article, which we copy on our first page, says the adoption of the Negro and Chinese Suffrage Amendment "will be the first step towards the downfall of republican government on this continent." We respectfully suggest to Col. Washington that the first step was taken long ago, when the doctrine of State sovereignty was repudiated and military governments established in the Southern States. If the Federal Government can exercise such power as this in the South, it has an equal right to do so in the North and in the West, and the people in all the States hold their rights and privileges by permission of a majority in Congress. The true sources of power under our government are with the people of the several States—they initiated their several State governments for the protection of their lives, liberty and property, and when their supremacy are denied, and they are overridden by Federal authority, the people are overthrown, and republican government becomes a myth. The people are to be found only in the States, and number many millions—those who make the laws and administer the Federal Government number but a few hundred. Now it is evident that those who deny that the States are sovereign, recognize the right of the few to rule the many. As Col. Washington has more to do in giving shape to Democratic opinions in this State than any other man, he should hold these truths up perpetually for the contemplation of the people.

COUNTY CONVENTION—On Wednesday next the Democracy of this county meet in convention to nominate a full ticket for county offices and to elect delegates to a State Convention, upon whom will be devolved the duty of nominating candidates for Judges of the Supreme Court. We earnestly urge every delegate to consider well the momentous issues depending, and let no consideration prevent him from giving his support to men for every office whose chances for success are sure. A political party that will attempt to degrade the superior white race from which they sprang to the level of the Negro and the Chinaman, deserves the most ignominious defeat. Such a result can be secured by bringing out our strongest men, and by preserving the utmost harmony. Particularly should judicious selections be made for the Legislature, as a U. S. Senator is to be elected for six years. Of no less importance is the Judicial election. For one of the candidates we will venture to express our individual preference. That man is W. T. Wallace, of San Francisco. We claim that his moral and intellectual qualities have never been surpassed by any man who has ever trod the soil of California.

THE YOLO MAIL—This sheet was sent out to the public on Thursday reeking with filth, as if it had been soaked in the most foul pool of the town. It is a reproach to any community that tolerates it. We venture the assertion that no father of a family, be he Republican or Democrat, would permit it to enter his house. The mind that could engender so much of impurity and indecency is fit only for cohabiting with brutes and beasts. From the first to the last issue of the Mail there is not one article emanating from its editor which does not convict him of being a blackguard and a brute. We cannot, for the life of us, see what the political party, whose frontispiece he makes himself, can promise themselves from recognizing such a slubberdegullion as their mouth-piece, and such a sheet as their organ.

PRIMARY ELECTION—This day the Democracy of Yolo county meet at the various precincts to select delegates to a county convention, to be held on Wednesday next. We can only repeat what we said on a former occasion: Select your best men, and let them know your wishes.

BRIGHT FUTURE—Under this head the S. F. Examiner says the prospects for carrying California for the Democracy at the coming election are very brilliant. On the Fifteenth Amendment as the issue of the campaign we ought, and in all probability shall elect, two-thirds of both branches of the Legislature, besides two Supreme Judges, and at least half of the District Judges to be chosen in October. There is a manifest disposition on the part of the Radical press to accept negro and Chinese equality as the platform of their party this fall. But whether they accept it or not, we shall force that issue upon them, and they will be compelled to accept it, for it is the cardinal principle in Grant's administration—and he is no longer a Republican that dares repudiate the Negro and Chinese Suffrage Amendment. The Examiner remarks truly that every Republican must support this obnoxious measure or dissolve his connection with the Republican party, for it is the chief and fundamental feature in the creed of that party, upon which its hopes of existence in the future depends. Upon this question we do not see how there can be two opinions in the minds of white men in California. If the amendment in question is adopted, it is evident that the political control of this State will, in a very few years, pass into the hands of Negroes and Chinamen, and in effect the white voters of the State will be disfranchised. Who doubts that if this favorite measure of the Republican party is adopted that the Chinese Mandarins of San Francisco will make proclamation in China of the fact, and that a half million or more, if deemed necessary, would at once be transported from the teeming population of that country. The transition from absolute serfdom into the condition of freeman on the Pacific would operate like a charm on those easily controlled heathens, and the future destinies of our noble State would be in the keeping of those Mandarins, for it is a well known fact that they exercise despotic control over the inferior class of their countrymen. People of California, ponder these facts well. Are you, Republicans, prepared to pay this price for perpetuating in power the authors of this infamous measure? Remember, that Senator Corbin, of Oregon, and our Representative, Johnson, both proposed amendments, when this measure was under discussion in Congress, to exclude Chinamen from its provisions, and they were both voted down by a merciless party majority. It would be strange, indeed, if you were to become the authors of your own degradation, and willingly bow your necks to the yoke now being fashioned for them, and to be driven by Chinese task-masters.

THE SLUBBERDEGULLION—There is no term in the English language which expresses the qualities of the Yolo Mail so well as this ugly word. Abuse from such a man as its editor, Charles Y. Hammond, is generally treated by sensible men as a recommendation to the individual to whom it is applied, upon the principle that blackguardism and decency are antagonistic. The reputation a man bears among his neighbors is a pretty true index to his character. The criminal records of Amador county, where Hammond lived so long, show that he was indicted for the murder of his partner in the hotel business, and escaped conviction by a technicality in the law. We heard many of the old citizens of Jackson, who resided in the county at the time, say that the killing was a cold blooded act of assassination. It is also upon record there that, as a member of the Board of Supervisors, which position he obtained by fraud, he colluded with others to swindle the county, notwithstanding his official oath required him to discharge the duties of Supervisor honestly and in accordance with law. In addition to this, the docket of a Justice of the Peace of Jackson shows that he suffered himself to be sued by a poor washer-woman for his washing bill, who obtained judgment against him, but it remains to this day unsatisfied. One of the most respectable men of this town is our informant for this much. Superadded to all this, our own citizens have seen him turn his aged and afflicted parent out of doors and enter him to become a charge upon the county, and to palliate the enormity of the act he concocted a deliberate lie, that his father conspired with "Copperheads to take his life," and that an annuity was allowed him from the States. Now here we behold a monstrosity in the shape of man who has escaped the gallows by a technicality in the law—who has run the gauntlet successfully to escape the penitentiary—who has rudely thrust from his own door, at night, the father from whose loins he sprang, figuring as the mouth-piece and chief of the Republican party of Yolo county, and the censor of the morals of this community generally! He came to this town a stranger, and at once commenced the most violent aspersions of our county officers—even some of the members of his own political party, and evades responsibility for his outrages by imprisoning himself by way of back streets. The skulking home by way of back streets, the abuse of a wretch so scabbed over with villainy is praise of the highest order. If the Republican party can bear up under the weight of this slubberdegullion, then are its shoulders broader and stronger than those of the fabled Atlas.

HIS POLICY—Hammond, finding out that his want of respectability and his blackguardism have driven the respectable portion of his party from his support, he is now taxing his efforts to make his paper such a reproach to his party as to force them to buy him out at an extravagant price. That it is obvious to the decent men of his party, is evidenced by the fact that several of them call upon us for personal notices, saying that they do not want their names to appear in that filthy sheet. This is attested by both Democratic and Republican citizens.

Chico Correspondence.

Chico, June 14, 1899.

Ed. Democrat—I have delayed the fulfillment of the promise I made you to keep you posted until now. Our magnificent town is improving more rapidly than ever, and the buildings being put up are of solid brick. The certainty of the construction of the railroad to this place sometime the present year, has given an impetus to everything—and when we are "reconstructed" into a new county, which we are sure to be in no distant day, then will Chico be the third place in the State in point of future promise. Already it wears the appearance of a young city. The large amount of business done at our principal stores betoken it; then where can be found a better hotel than the Union, by our friend Allen; go to Second street, and view Dr. Scott's Drug Store, Ramage & Co.'s splendid jewelry establishment, Hoy's Drug Store, Chapman, Titcomb & Bush, all bricks, and the new brick Greeley & Stilson are about to erect, and then say if we are not fast changing into a city.

The political cauldron in this county is now boiling and bubbling. The Republicans wish to run Capt. De Haven, of the Enterprise, for the Senate, and he has responded through his paper that he will and he won't. The Captain would be a Democrat if it was not for breaking with his old party friends. He is a clever fellow, however, and has many personal friends with both parties, and would do well in the Legislature. G. W. Cully is spoken of by the Democracy for the Senate. He is a man of good sense, much experience, and an indefatigable worker. I think you may put him down as the nominee for the Assembly. For the Assembly Cochran, Park Housh, N. W. Clark, and Dist. Atty. Martin, of Oroville, are spoken of. For Sheriff, Dave Gray and Frank Miller. For Recorder we have a new man in the field, and he is likely to prove a formidable foe. He is a Jew, and in his opinions, but that class of men seems to be coming into favor—the half-and-half being looked upon as having taken a position to catch votes from both parties. "Dick" is a candidate for re-election as Assessor. He has "let off" if you understand the vernacular. This is about all I have to say concerning politics. But there is one element in this county that is fully enlisted, which will disquiet the calculations of some. That element is the Temperance element. The Good Templars are banded together, firmly resolved and pledged, and are sure to defeat whenever they vote against. I am a Republican, myself, but away politics now. Some of the aspirants have been so indiscreet as to indulge in remarks about the Sisters of the Order—mark you how they will be humiliated, if they are nominated. This much is certain as fate. Cupid has been playing the devil since you were here. There are eight or ten marriages now on the tapis. She who sat on the right of the W. C.—she who has the reputation of being "the best girl in the world," John; the lady who "lets by the door," numbers a fresh victim every month. The "musical fish," whose nerves were so susceptible of electrical currents, took your advice and tried the widow. As the first shock he was brought to his knees, and with hands clasped he pleaded so dolefully that the divinity he petitioned half-way reassured him—through compassion she said. The Old Squire is the same old fellow—he never lets a woman pass him.

THE DEMOCRAT is a welcome visitor—crooks are good.

THE DEMOCRATIC TEST—Our Confederate friend, Bob Steele, of the Merced Herald, strikes right and left, blindly against all who do not object to the test established by the Democratic State Central Committee. For the life of us we cannot see what there is in that test to object to. It requires of voters at primaries that they shall be "opposed to the Radical measures, to the Fifteenth Amendment, to the appointment of negroes to office, and who will pledge themselves to support the Democratic ticket." Any voter "opposed to the Radical measures of Congress" is opposed to all the abominations of the Republican party, because it has been through their measures in Congress that their villainies have been perpetrated. The reputation of the man who drew up the test should forbid the construction that Bob Steele puts upon it. If there is a more unexceptionable Democrat in this State than Robert Ferrel, we know him not. The idea that we "carry favor" with the central organ, the Reporter, is so far from being correct that we have said more against the course of that paper than any other Democratic editor in the State. Our friend Steele, under the immediate command of that ornament of mankind, Jefferson Davis, fought well at Monterey and Buena Vista. Suppose that during these hard-contested battles, when even the assistance of one man was a consideration, a Mexican had presented himself and said: "I am 'opposed to the radical measures' of Santa Anna; he seeks the enslavement of the Mexican people—I propose to help you in this fight," would you, Bob, have spurned his assistance? Now this is a case in point. You should "let up." You are entirely too pugnacious.

PELOTA AND CUPPES—Goodwin, of the Solano Sentinel, has renewed his exchange with us, being the first copy of his paper we have seen for five weeks. In the issue he has sent us he calls us a "scoundrelous, insolent, indecent, foul mouthed and vulgar creature," and says he holds himself in readiness to grant any satisfaction at any time, and under any circumstance, which one gentleman may ask of another, and that his office is in Fairfield, where he can generally be found. "Any one would naturally suppose that Mr. Goodwin is decidedly 'on it,' and the wonder is that since he acknowledges himself insolent, that he did not demand satisfaction, in accordance with the 'code.' We must have him the chivalrous gentleman on the straw, thus to have evoked such an ebullition of feeling. But, as it is 'highly immoral for Democrats to quarrel,' and we have a hard fight to make with the common enemy in September, we say to our condottor, Mr. Goodwin, 'Let us have peace.'

A MAN who lately sued a woman for breach of promise, was offered \$200 to settle the affair and say no more about it. "What!" he cried, "two hundred dollars for ruined hopes, a shattered mind, a blasted life, and a bleeding heart! Two hundred dollars for all this! Never! never! Make it three hundred, and it's a bargain."

NEXT WEEK—The excellent article of the excellent gentleman who writes us from San Juan shall see the light of day next week.

CALIFORNIA VINEGAR BITTERS!

Manufactured from the native Herbs and Roots of California.

The Great Blood Purifier!

For inflammatory and chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such diseases are caused by Vitiated Blood, which is generally produced by derangement of the digestive organs. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.

"The life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.

These Bitters are not a gilded Pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

R. H. McDONALD & CO., Agents, Corner First and Sansome sts., San Francisco, and Sacramento, Cal.

Notice to Teachers.

The County Board of Examination will meet in Woodland, June 28th, 29th, and 30th.

SACRAMENTO CITY

EXTENSION HOMESTEAD ASSOCIATION.

SHARES.....\$250 EACH.

Payable in seventeen Monthly Installments.

Lots Represented by Shares 50 by 100 Feet.

Lands Immediately Adjoining the City Limits.

Title Perfect!

Payments to begin July, 1899, and to close November, 1870.

This Homestead addition to the City of Sacramento offers unrivaled inducements to all who desire to secure homes, as well as to those seeking to make investments in real estate. Shareholders who pay up in full may take possession of their lots under restrictions consistent with the interests of all Shareholders and an equitable distribution of the property. These restrictions are briefly: 1. Payment in full within six months from July 1st, 1899. 2. Not more than six lots in any one block shall be assigned; only two of which shall be corner lots, and only one corner and two inside lots on the same side of a block. This feature will secure the immediate settlement and rapid improvement of the lands, and a consequent enhancement of its value. The line of the Sacramento Valley and Western Pacific Railroads run through the plat, and an agreement and bond has been executed by the former Company to run trains on schedules of time equal to the accommodations afforded by street railroads. Thus by reason of being conveniently accessible, these lands are brought within the range (in value) of those more centrally located, and will find early occupation. In every feature of this scheme the Homestead principle—which has been so prolific of good to citizens of moderate means, promoting the growth of our State and its cities and distributing the ownership of Realty among the many—has been carefully guarded. It may safely challenge comparison or competition.

Articles of Association, containing maps of plat, and showing its relation to the city, will be furnished upon application. Shares may be secured by forwarding the first installment of Ten Dollars to the Secretary, who will also furnish any desired information.

LELAND STANFORD, President.

Address: WM. H. MILLS, Secretary.

STATE OF CALIFORNIA, county of Yolo.

In the District Court of the Sixth Judicial District in and for the county of Yolo, vs. CHARLES F. REDDING, Plaintiff, and CHARLES F. REDDING, Defendant.

Action brought in the District Court of the Sixth Judicial District of the State of California, and the complaint filed in the county of Yolo, in the office of the Clerk of said Court.

The People of the State of California send greeting to Charles F. Redding. You are hereby summoned to appear in an action brought against you by the above named plaintiff, in the District Court of the Sixth Judicial District of the State of California, in and for the county of Y

YOLO COUNTY DEMOCRAT.

County Official Paper.

TOWN AND COUNTY MATTERS.

CROPS.—Along the foot-hills, both north and south of Cache Creek, and in the canyon, harvesters are in full blast gathering their crops. Some are cutting and threshing, but the greater number are stacking, as the grain is so light that headers cannot, as usual, keep a threshing busy. Our previous surmises about the yield will not be fully realized, as most of the grain is shrunk, some of it badly. The most sanguine are now satisfied that our crop will be very light. Some who had engaged sacks, expecting a light crop, told us that they would not need as many as they engaged. The only plump grain is grown on fallow land, and but for those "patches" the crop in Yolo would indeed be light. Many are already preparing a failure for next year, and will therefore put more in granaries than they have for years past. This is a wise precaution, as it is well to keep at least one year's supply on hand until February or March, to meet the embarrassments of a "dry season," should one occur.

GIVE US EACH DAY OUR DAILY MAIL.—Tucker & Co., contractors for carrying the mail from Sacramento to Cacheville have closed down on Woodlanders, and now give them a mail only every other day. With railroad communication to within twelve miles of this place (Davisville) and stages running thence twice a day, this is too bad. Much of the fault of this curtailment lies with our citizens. The contract of Messrs. T. & Co. provides for transporting the mail over the route only three times a week, and when a failure was made they were compensated—no credit being given them for the extra service they performed—and, their pride being wounded, they have resolved to discontinue this extra service. The business of Woodland demands an extra mail, and if there is any public spirit in our citizens they will arrange with Messrs. T. & Co. for a resumption of mail service. This is an important matter and we hope will receive prompt attention.

DAVISVILLE.—We are pleased at the growth and prosperity of this town. We are informed that not an idle mechanic can be found in it, all are employed and the mule of the saw and hammer can be heard from the rising to the down-going of the sun. It is a good business point, and an easy place, we are sorry to record, to jump up a free fight. If a day passes without a knock-down or two, or some body being shot or stabbed, a screw is thought to be loose in the social order of the place. But this is a characteristic of all new California towns. By-and-by it will find its corrective.

GOOD MOVEMENT.—A movement is on foot among our wealthiest farmers to form a sort of mutual aid society, whose main purpose would be to loan money at as low a rate as possible to holders of small lots of grain, to enable them to hold it from three to six months after harvest. This is a movement in the right direction. If there is a good demand for wheat the producer should have the benefit of it, but the "speculator" should not have it in his power to wring the producer. If the farmers can raise sufficient to pay for harvesting, they can pile their grain along the line of railroad, or on the river banks, and wait for a fair price.

WAGON-MAKING.—The amount of work done in this line of business, in Woodland, is an unerring index of the prosperity of the citizens of this county. There are three large establishments on Main Street where every description of wheeled vehicles are manufactured. Messrs. G. Elliott, G. J. Overhimer and B. B. Hammond are the respective proprietors. They are all proficient, energetic mechanics.

FRANK MULNER.—See the advertisement of this gentleman in another column. He has established himself in the family grocery business at Davisville. We have known Mr. Mulner for many years. Wherever he has lived he has left the reputation of an honest, liberal and enterprising gentleman.

BUTTER.—Our friend Russ Day, who resides a few miles from town, supplies several families with an excellent article of butter, once a week. The demand for this article, here in town, we think would justify him in enlarging his operations. At forty cents a pound the butter business ought to pay well.

PROVIDE FOR YOUR FAMILIES.—Attention is directed to the Pacific Protective Association. No higher recommendation can be given to the objects of the Association than by reading their advertisement. Every man who regards properly the welfare of his family will give heed.

MILK.—Our excellent friend, Giddings, we are glad to believe, is doing a thriving business in the milk line. He has a large field of alfalfa in which he pastures many cows, and supplies the entire town with the nutritious fluid.

THE RAILROAD.—We understand that the cars on the Woodland road are running to Willow Slough, a distance of five miles from Woodland, and that the road will be completed thus far by the 4th of July.

FALSEHOOD.—Hammond says we are a common drunkard. With the exception of a few weeks we have been a member of the order of Good Templars for the last three years, as the books of the Lodges in Oroville and Chico will testify. Hammond never utters the truth if he knows it, and when he does—occasionally by mistake—his profanity marks his regret for having done so. As for himself he is a perpetual gazer. Wonder if he recollects when he married a couple in the country near Jackson—got drunk and insulted the bride, and his friends had to interfere to prevent the bridegroom from chastising him? Returning home he upset the carriage and was dragged in the dust along the road, minus his coat. In this plight he entered a liquor cellar, and danced to the tune of "Old Bob Ridy" until night.

OPPOSED TO TEMPERANCE.—The Central Californian attempts to ridicule the temperance movement of Chico Lodge, and concludes, in the style of a genuine "rough," "rah for Chico Lodge." In the same number of this paper the editor chronicles the fact that one day there were seven drunken men disturbing the peace in San Juan, and in addition a drunken negro obtunded himself into several houses where there were unprotected white females, frightening them badly, and afterwards ran through the streets shouting fire. We do not know which is most calculated to arrest attention—the disorders resulting from whisky-drinking in San Juan or the moral tone of the editor of the Central Californian.

FOURTH JULY AT SUISUN.—We acknowledge a polite invitation to be present at the celebration of the Fourth of July at Suisun. It is designed to eclipse anything of the kind ever gotten up on this coast. A general invitation is extended to the citizens of Woodland and vicinity.

MARRIED.

In Woodland, June 15th, by Rev. W. C. Curry, JOHN FORD to Miss MARGARET VENABLE.

BORN.

Near Woodland, June 15, wife of John Cook a son.

SPECIAL NOTICES.

POISON SUPPLANTED.—The deadly "fire-water," which for so many years was so fatal to the gold-seekers of California, is to use the vernacular of the mines, "about played out." The diggers and quartz crushers, as a rule, use it to use it. They find, however, that a tonic is necessary to enable them to withstand the unhealthy atmosphere of the placers, and to bear up against the privations and hardships to which they are subjected. After having tried a variety of medicated stimulants with a view of holding fast to the best, they seem as a class, to have settled down in the opinion that Dr. J. C. Plantation Bitters have no equal as a strength-sustaining preparation and as an antidote to the malaria that produces intermittent and remittent fever.

PAIN KILLER.—We here leave to call the attention of the public to this long celebrated and unrivaled Family Medicine. The Pain Killer is a purely vegetable compound, and while it is a most efficient remedy for Pain, it is perfectly safe in its use. It is the most successful in curing the various kinds of Cholera, than any other known remedy, or even the most skillful physician. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates a sure remedy.

PAIN KILLER, the great family medicine of the age, taken internally, cures Dysentery, Cholera, Diarrhea, Cramp, and Pain in the Stomach, Bowel Complaints, Piles, Colic, Liver Complaint, Dyspepsia and Indigestion, Sore Throat, Sudden Colds, Coughs, &c., &c. Used externally, it cures Bells, Felons, Sprains, Bruises, Burns, Scalds, Old Sores, Scrofula, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frost-bitten Feet, &c., &c., &c. a3-1m.

ELECTRO-SILICON.—This curious and valuable substance is confidently claimed to be the best article ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SYRUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."

—So get a bottle of Dr. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unqualified preparation for Dysentery, Diarrhea and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

DR. HUFELAND'S

CELEBRATED

SWISS

STOMACH BITTERS.

The first and most healthful Tonic ever introduced into the United States is still the leading article, and more of this sold than of all other so-called Tonics or Bitters.

For sale to the Trade by TAYLOR & BENDEL, sole agents, 409 and 411 Clay street, San Francisco.

Pacific Protective Association

of California.

Incorporated Oct. 1869.

OBJECT.

The object of this Association is to secure a cash payment, within sixty days after the death of a subscriber, to his or her heirs or assigns, of as many dollars as there are individuals of the class to which said deceased subscriber belonged.

MEMBERSHIP.

The subscription fees are TEN DOLLARS at joining, and ONE DOLLAR on the death of each subscriber. The One Dollar from each subscriber is paid to the heirs or assigns of the deceased.

TERMS.

The By-Laws of the Association require that a portion of the money received as subscription fees shall be a sinking fund to meet assessments falling due by the delinquencies of subscribers. The balance of the money received to be used for the expenses incurred by the Association.

ADVANTAGES.

The advantages of this Association are, that no money paid can effect it. Its benefits are easily attainable by all, and every subscriber added to the Association enhances the interest and protection of all; the amount paid being so small, and only at long intervals, that any person can secure for his family a competency upon his death.

CLASSES.

In class A, all persons between the ages of 15 and 40 years. In class B, all persons between the ages of 40 and 60 years. Any one that has not stated his or her age correctly, will forfeit all money paid and his or her certificate.

HOW TO BECOME A MEMBER.

A person desirous of becoming a subscriber must fill out an application and forward with it Ten Dollars by check, draft, or by Express, in gold or silver coin. Persons can pay agents, when regularly appointed and authorized to receive money. Each subscriber should interest himself in obtaining new members; by so doing all are benefited.

Board of Directors: Benj. H. Freeman, Geo. H. Russell, Vice President; John H. Warren, Secretary; Jas. P. Prichard, Treasurer.

All communications should be addressed to the Secretary of the

PACIFIC PROTECTIVE ASSO., San Francisco.

Exc

YOLO COUNTY DEMOCRAT.

Liberty Tree.

[As the Fourth of July is near at hand and the Declaration of Independence will be read and listened to by men who trample its principles under foot, we deem it proper to attempt to kindle anew in American hearts some little of the fire that burned in the bosoms of their fathers during the "times that tried men's souls." The following was written at a very early period of the Revolution, by the celebrated Thomas Payne, and was sung by all classes, and upon all occasions, for many years afterwards:]

In a chariot of light, from the regions of day,
The Goddess of Liberty came;
Ten thousand celestial directed her way,
And thither conducted the dame.
A fair budding branch from the garden above,
Where millions with millions agree,
She brought in her hand as a pledge of her love,
And the plant she named Liberty Tree.

The celestial emblem struck deep in the ground,
Like a native it flourished and bore;
The fame of its fruit drew the nations around,
To seek out this peaceable shore.
Unmindful of names or distinctions they came,
For freedom, like brothers, agree;
With one spirit ended, they one friendship pursued,
And their temple was Liberty Tree.

Beneath this fair tree, like the patriarchs of old,
Their bread in contentment they ate,
Unrestrained with the troubles of silver or gold,
The cares of the grand old nation above,
With timber and tar, they Old England supplied
And supported her power on the sea;
Her battles they fought, without getting a groat
For the honor of Liberty Tree.

Bathos. O ye swains, 'tis a tale most profane,
How all the tyrannical powers,
King, regiments and lords, are uniting again
To cut down this guardian of ours.
From the east to the west blow the trumpets to arms,
Through the land let the sound of it flee;
Let the far and the near all unite with a cheer,
In defence of our Liberty Tree.

A LAD, narrating a street fight in which he had been engaged, said: "I'll tell you how it was. You see, Bill and me went down to the wharf to fish; and I felt in my pocket and found my knife, and it was gone; and I said, 'Bill, you stole my knife; and he said I was another; and I said go there yourself; and he said it was no such thing; and I said he was a liar, and could whip him if I was bigger'n him; and he said he'd reck me to sleep, mother; and I said he was a bigger one; and he said I never had the meases; and I said for him to fork over 'at knife, or I'd fix him for a tombstone at Laurel Hill; and he said my grandmother was no gentleman; and I said he'd sure take it up; but he did, you bet; you never—well, you never did; then I got up again, and he tried to, but he didn't, and I grabbed him and threw him down on the top of me like several bricks; and I tell you it beat all—and so he did; and my little dog got behind Bill and bit him, and Bill kicked at the dog and the dog ran, and I ran after the dog to fetch him back, and I didn't catch him till I got clear home; and I'll whip him yet. Is my eye very black?"

Jinks tells a good story of a man on a Mississippi steamer who was questioned by a Yankee. The gentleman, to humor the fellow, replied to all the questions straightforwardly, until the inquirer was fairly puzzled for an interrogatory. At last he inquired: "Look here, Squire—where was you born?"

"I was born," said the victim, "in Boston, Tremont street, No. 44, left-hand side, on the 1st of August, 1820, at 5 o'clock in the afternoon; physician, Dr. Warren; nurse, Sally Benjamin."

Yankee was answered completely. For a moment he was stuck. Soon, however, his face brightened, and he quickly said: "Yes; well, I calculate you don't recollect whether it was a frame or a brick house, dew ye, Squire?"

"Tommy, my son, fetch in a stick of wood." "Ah! my dear mother," replied the youth, "the grammatical portion of your education has been sadly neglected. You should have said, 'Thomas, my son, transport from the recumbent collection of combustible material upon the threshold of this edifice one of the curtailed excrecences of a defunct log.'"

If we work upon marble, it will perish; if we work on brass, time will efface it; if we rear temples, they will crumble into dust; if we work upon immortal minds—if we imbue them with high principles, with just fear of God and their fellow-men—we engrave on these tablets something which no time can efface, but which will brighten to all eternity.

A shrewd farmer in the Vermont Legislature declined answering the speech of a member who was remarkable for nothing but frothy puerilities and impudence and self conceit, thus: "Mr. Speaker, I can't reply to that speech, for it always wrenches me terribly to kick at nothing."

A DOWN EAST girl being bantered one day by some of her female friends in regard to her lover, who had the misfortune to have but one leg, replied: "Pooh, I wouldn't have a man with two legs—they're so common."

The author of "What are the Wild Waves Saying?" knew very well they were reproaching him for running away from Long Branch without paying his hotel bill.

The author of "We Met by Chance," knew very well it was arranged beforehand. He had been weeks in contriving it—and she admired his contrivance.

JOHN BILLINGS put his best saying in this phrase: "Loving on hope is like living on wind; a good way to get pulled, but a poor way to get that."

A HATCHET, said to be the one with which George Washington hacked his father's peach tree, has been presented to the Alexandria Museum.

LOS ANGELES has a velopede school for ladies, where the dear creatures are indoctrinated into the mystery of the bicyclette free of charge.

If you want to get a favor from a man, feed him. A man, like a horse, can't be managed without a bit in his mouth.

Late World - Renowned "WEED" SEWING MACHINE!

First the "New Weed" F.F., or Family Favorite, only completed as late as 1867, and already known throughout the world as the best Sewing Machine yet made. It took, the same year it was completed, the

FIRST PREMIUM

—AT THE—
Paris Exposition, in 1867,

Also at the State Fairs of Pennsylvania, New Hampshire, New York and Illinois.

Also at every Fair since then (without exception) where the Weed Sewing Machine Company have really exhibited its strong points. The demand for it, everywhere, in all countries, is increasing faster than can be supplied.

Price, \$65 to \$500.
The beautiful \$65 style most sold. All families that know the F.F., and are able, are exchanging their old ones to get it!

Second, the heavier "Weed" No. 2, for Boot and Shoe-fitters—price \$65. Third, the wonderful New "Weed" No. 3, expressly for Tailors, Saddlers and Harness-makers. Powerful, roomy and Noiseless. No harness-maker or tailor can see this and buy any other. The largest manufacturers in both Europe and America are now very rapidly exchanging for it. Price, largest size, \$110. We have other kinds of Sewing Machines, but advise to buy the "Weed" as most certainly the last and best. Address—
S. E. JOAR, General Agent,
No. 8 Montgomery street,
San Francisco.

WOODLAND.

I would call the attention of the public to this well-known shop, where I manufacture to order and keep constantly on hand for sale

Carriages, Buggies, Sulkies,

CONCORD-STYLE THOROUGHBRACE,

—AND—
LUMBER WAGONS.

—FROM THE—
BEST EASTERN MATERIAL,

Selected by myself!

All work manufactured at my shop is under my own immediate supervision, and up to the requirements of the times, of the latest style, and the most

APPROVED PATTERNS AND FINISH!

I employ no "foreman," for 30 years' experience in the trade—10 years in the Eastern States, 20 years on the Pacific coast, (including 9 years superintendence of the "Pioneer Carriage Shop," Sacramento,) justifies me in assuming that position. Delecting to none the supervision of my work, I am enabled to

Guarantee Satisfaction!
My LARGE and SPACIOUS SHOPS enable me to store large quantities of material, and my

SEASONING FACILITIES,

(the only perfect seasoning apparatus on the coast) enable me to defy competition in quality of seasoned work. For verification of this, one has
